

CCU Sale Rental

KAESO's comprehensive range of offshore containers and baskets has been designed and manufactured in accordance with DNV 2.7-1/BSEN 12079 or ISO 10855. The units are supplied with certified slings and shackles as standard. All units are stackable where deck space or yard space is at a premium. Containers and baskets can be supplied with cargo nets or tarpaulins and the base has integrated forklift pockets for ease of yard loading and offloading. Units are also supplied with internal tie down points through out the interior to provide strong points to secure cargo
