X-it - Reliable sidetracks; first time.

Proven in over 300 successful operations, X-it®'s unique multiramp whipstock geometry and fourth generation mill provide a step change in sidetrack drilling performance. With X-it® technology, sidetracks are delivered efficiently, reliably and with far greater accuracy.

Application

- Sidetracks
- Multilaterals
- Controlled casing exit

Features

- Fully retrievable; single-trip system
- Unique multiramp whipstock; carbide coated ramps
- Unique geometry combination mill; integrated pilot mill
- Quicktip applied Predator and Sharkstooth inserts improve strength and penetration
- Tri-directional anchor slips provide positive anchoring
- Fulcrum lug anchor forces whipstock against casing in all deviations
- 360 degree exit including low side
- Dual string and horizontal well exit capability
- Two-piece whipstock
- Multiple anchor mechanisms

Benefits

- Single-trip reliable, effective and efficient sidetracks
- Pilot bit precision delivers accurate, straight sidetrack with reduced dog-leg and tortuosity
- 360 degree and low side exits improve target accuracy and reduce drilling time
- Positive anchoring in high deviation eliminates hang-up risk on whipstock
- Confidence in system due to 300+ wells track record
